

### 1. What is adaptive.ai as-a-service?

adaptive.ai-as-a-service is a complete AI/ML development offering, hosted by us, hosted in your data center, or hosted in the Cloud. The adaptive.ai-as-a-service offering is one (1) in a family of as-a-service offerings from Adaptive Computing.

### 2. What differentiates adaptive.ai as-a-service from other AI/ML development offerings?

- Lower price: 10-20 times less per month than other AI/ML development offerings
- Adaptive Management Software: Moab HPC Suite and On-Demand Data Center solutions
- E4S Extreme-scale Scientific Stack: over 120 open-source software applications and optimization tools assembled under a U.S. Department of Energy grant

### 3. What applications are included with adaptive.ai as-a-service?

adaptive.ai as-a-service includes over 120 open-source software applications and optimization tools assembled under a U.S. Department of Energy grant including TensorFlow, PyTorch, Keras, Horovod, and LBANN for AI/ML development. The official name for the application stack is [E4S](#) – Extreme-scale Scientific Software Stack. ([applications list](#))

### 4. What industries are supported by adaptive.ai as-a-service?

adaptive.ai as-a-service supports all industries and the Performance Intensive Computing as a Service (PICaaS) market as defined by IDC ([link](#)), a leading industry analyst group, and includes support for: High-Performance Computing (HPCaaS), Artificial Intelligence (AI), Machine Learning (ML), GPUs, IoT, Big Data Analytics, Bare Metal as a Service (BMaaS), Application Portability for Disaster Recovery, Cloud Migration, and Accelerated Enterprise Computing.

### 5. What is the cost for adaptive.ai as-a-service?

adaptive.ai as-a-service is \$30,000 per month for unlimited users as compared to 10-20 times more a month for an AI/ML development offering from a tier 1 solution provider.

Cost Breakdown	Monthly Cost
adaptive.ai as-a-service Management Software	\$10,000
E4S Application Software Support	*\$10,000
Cloud-Usage Monthly Budget Amount	\$10,000
Total Cost	\$30,000

Deployment Models	**One-time set up fee
Hosted by Adaptive Computing	\$10,000.00
Hosted in Customer's Data Center	\$50,000.00
Hosted in the Cloud	\$25,000.00

\*This cost is eliminated if you bring your own AI/ML development toolkit.

\*\* For customers that on-board to adaptive.ai as-a-service by March 31st, the one-time set up fee is waived.

- adaptive.ai as-a-service Video (coming soon)
- adaptive.ai as-a-service ODDC Training Demo – (coming soon for AWS, GCP, OCI, Azure)
- adaptive.ai as-a-service Training Demos – [AWS](#), [GCP](#), [OCI](#), [Azure](#)

### 7. Is training available for adaptive.ai as-a-service?

Group classes are available at a cost of \$500 per day, and private classes are \$1,000 per day.

### 8. Are there any additional costs for adaptive.ai as-a-service?

No, there are no additional costs.

### 9. How do I get started with adaptive.ai as-a-service?

- Request an adaptive.ai as-a-service formal quotation [here](#)
- Complete an adaptive.ai as-a-service [on-boarding form](#)
- Email Arthur Allen at [aallen@adaptivecomputing.com](mailto:aallen@adaptivecomputing.com) for more information
